RIVERS RISE RAPIDLY

HUNDREDS OF PEOPLE DRIVEN FROM THEIR HOMES IN PENNSYLVANIA.

FIVE FATALITIES REPORTED

RESIDENTS OF FLOODED DISTRICTS TAKEN FROM THEIR HOMES IN SKIFFS.

Pittsburg, March 14.—The Monongahela, Allegheny and Ohio rivers are rising rapidly. A stage of twenty-six feet has been reached in this city and twenty-eight is anticipated. This stage is six feet over the danger mark and will inundate the lower portions of the city.

Reports from up river points are alarming. Many towns in the Monongahela valley are submerged and the property damage is heavy. It is raining heavily over Western Pennsylvania and Virginia.

The high water came so rapidly that little time was given persons in the flood districts to prepare for it. A bridge at Harborsville collapsed, precipitating a freight train into the water and drowning three trainmen. Residents in the flood district were rescued from their homes in skiffs and thousands of men are idle owing to the suspension of coal mines along the rivers.

TWO OF THE CREW DROWNED.

Towboat Crashes Into a Pier and Is Sunk.

Pittsburg, March 14.—Swept by the swollen current against the pier at lock No. 3, the towboat Cruiser, owned by the Monongahela River Consolidated Coal and Coke company, was sunk.

and two of her crew were drowned. Two others were rescued, almost frozen, after they had been in the water an hour. Three of the crew clinging to the bow of the submerged boat were saved after a hard fight with the heavy ice which fills the stream.

When the boat dashed against the pier yaws were cut loose and the crew started for shore. The river was running heavy with ice and one of the yaws was overturned, drowning two men. The drowned men were foreigners.

TWO HUNDRED HOMELESS.

Great Miami River in Ohio Rises Suddenly.

Hamilton, O., March 14.—Three railroads were washed out, a freight train wrecked, 200 persons rendered homeless, 1,000 thrown out of employment and \$75,000 damage caused by the sudden flood of the Great Miami river following thunderstorms.

The river has reached seventeen feet, a rise of eleven feet in twenty-four hours, and is still rising. A freight train on the Pennsylvania road ran into a washout near Collinsville and thirteen cars of merchandise were piled up.

The police rescued in boats 200 residents of Peck's addition.

Two South Dakotans Missing.

Vermillion, S. D., March 14.—Fears are entertained that Daniel Doan, an old soldier who lives near the Missouri river in Norway township, has been drowned as a result of the floods caused by the big ice gorge in the river. Gus Cayce, a wood chopper of Norway township, is also missing.

Roadmakers Adjourn.

Pittsburg, March 14.—The American Roadmakers' association convention adjourned after re-electing the old officers. These are James H. McDonald of New Haven, Conn., president; W. L. Dickinson, Springfield, Mass., secretary, and Joseph W. Hunter, Harrisburg, Pa., treasurer. The place of meeting of the next convention was left to the executive committee.

BITTERLY DENOUNCED

DISTRICT ATTORNEY JEROME SEVERELY SCORES HARRY THAW AND HIS WIFE.

BEATEN BY HER HUSBAND

PROSECUTOR CLAIMS MRS. THAW WAS LASHED BY SLAYER OF STANFORD WHITE.

New York, March 14.—After a session occupied almost entirely by District Attorney Jerome in a bitter denunciation of the defendant and his wife, the trial of Harry K. Thaw for the murder of Stanford White was adjourned shortly after 12 o'clock Wednesday until Thursday.

The prosecuting attorney found his opportunity to attack Thaw and Evelyn Nesbit in arguing on the question of the admissibility of the testimony which Abraham Hummel, the lawyer, who is under indictment for subornation of perjury in the Dodge-Morse divorce case, has to offer. It was to enable Delphin M. Delmas, leading counsel for the defense, to consult authorities and frame a reply to Mr. Jerome and also to allow the latter an opportunity of completing the hypothetical question which he is to put to his experts that the early adjournment was ordered. Mr. Jerome said he hoped to close the rebuttal for the people Thursday evening.

During his argument the district attorney took on for the first time since the case began a sustained oratorical tone. He asserted that Hummel would swear Evelyn Nesbit told him three days after her return from Europe in 1903 that Thaw had beaten her cruelly because she would not sign papers he had prepared, falsely accusing Stanford White of having drugged and betrayed her. Mr. Jerome contended that she had told much more, that Thaw seemed bent upon putting Stanford White in the penitentiary, that the statement that White had betrayed her was not true, that Stanford White had never harmed him; and that Thaw was consumed with rage when she refused to sign and swear to the papers containing "lies against Stanford White."

Put in the Form of an Affidavit.

"These things were put in the form of an affidavit," declared Mr. Jerome, "and that affidavit was subscribed to by Evelyn Nesbit when she knew what she was doing and what the paper contained."

"We want to show that the girl who told this remarkable story here on the witness stand swore at another time, under the solemnity of an oath, that naked—stripped absolutely naked—she had endured the lashings and beatings of this defendant rather than swear to his false statements that Stanford White had drugged and ruined her."

Mr. Jerome argued that the material point of the case is whether or not Evelyn Nesbit told Thaw the story of her alleged ruin by Stanford White. Without that story in evidence, he declared, the reason for the defendant's alleged insanity disappears. The prosecutor plainly admitted the importance of young Mrs. Thaw's testimony, and he said he wished by Hummel's testimony to show her own repudiation of the charges which on the witness stand she renewed against White.

"Thus," he concluded, "the jury may infer from her own statements after her return from Europe in 1903 whether or not she had within two months of that time told this defendant the things she said she did."

Mr. Delmas objected to Hummel as a witness on the ground that his testimony had to do with the truth or falsity of Mrs. Thaw's narration and was not permissible under the rules of evidence. He had not concluded his argument when adjournment was taken.

Contention of Jerome.

Mr. Jerome's contention is that while he may not attack the truth or falsity of Mrs. Thaw's statement that she was betrayed by White, he can attack the truth of her assertion that she told the story to Thaw at the time she says she did.

Mr. Delmas first sought to interrupt Hummel's testimony by showing that he was acting as Evelyn Nesbit's legal adviser and counsel when she made certain statements to him. Hummel evaded this, however, by saying he was acting solely as White's counsel and no legal action had been contemplated in behalf of Miss Nesbit. He said he was paid a yearly retainer by Stanford White and could not say exactly what he charged the architect for drawing up the affidavit. Asked if it was \$1,000, he burst into laughter and said it was not. He finally placed the charge at "one hundred dollars—about."

When Evelyn Nesbit Thaw was on the witness stand she said Stanford White came to see her one evening in 1903 and asked her what she had told Hummel about him, adding that "Abe Hummel has just squeezed \$1,000 out of me, and the Lord only knows how soon he will squeeze another."

Young Mrs. Thaw's testimony regarding the affidavit was to the effect that Stanford White had taken her to Hummel's office after telling her "lots of horrid things about Harry" and that she had told Hummel about her trip through Europe with Thaw. She said: "Mr. Hummel then dictated a lot of things to a man and put in lots about Harry Thaw which wasn't true at all." She denied signing any paper in Hummel's office, but admitted having signed some papers later in White's studio. She claimed she did not know what the papers were. Some time afterwards she saw she demanded that White show her the papers. She was taken to Hummel's office and there a paper bearing her signature was shown her and burned. She was not allowed to see it, she declared.

Almost since the beginning of the trial District Attorney Jerome has been trying to put in evidence a photographic copy of the affidavit. It developed Tuesday that the copy was made by the same photographer who had been employed by Stanford White to make "The Tired Butterfly" and other pictures of the Nesbit girl.

Mr. Jerome continues quite optimistic about bringing the taking of testimony to a close this week but others who have followed the trial believe that the end is still ten days or two weeks away.

WRIGHT WILL BE PROSECUTED.

Colorado Man Accused of Murdering His Wife and Daughter.

Denver, March 14.—District Attorney Stidger has announced that he will prosecute Benjamin C. Wright on the charge of murdering his wife and daughter, who were found dead in their home in this city Feb. 25, and that he had secured much evidence in support of the allegation that the woman and child were poisoned by Wright.

The alleged confession made by Wright to Chief of Police Delaney is said by attorneys for the defense to be worthless as evidence, having been obtained by physical force.

INCIDENT NOW CLOSED

SAN FRANCISCO BOARD OF EDUCATION RESCINDS SEGREGATION ORDER.

San Francisco, March 14.—The San Francisco board of education, keeping its word with President Roosevelt, unanimously rescinded the resolution of last October by which Japanese children were segregated in the public schools, and adopted an alternative resolution in accordance with the understanding reached at the Washington conference between the president, Secretary Root, the school board and Mayor Schmitz. The board then sent the following telegram to President Roosevelt and Secretary Root:

"At a regular meeting of the board of education, held Wednesday afternoon, a resolution as agreed upon with you, was adopted unanimously. Certified copy was given to United States District Attorney Devlin."

The president having telegraphed Mayor Schmitz that he would direct Mr. Devlin to dismiss the suits against the board in the United States circuit court and the supreme court of California as soon as the action stated should be taken by the board, members of that body look upon the Japanese incident as now closed insofar as San Francisco is concerned.

There is, however, it is stated, an unwritten reservation to the effect that should the president's promise to the board regarding discretionary restriction of coolie immigration not be carried out, the board may feel at liberty to segregate the Japanese again.

GIFT OF MRS. RUSSELL SAGE.

Announced That It Will Be Available at Once.

New York, March 14.—It is announced that Mrs. Russell Sage's gift of \$10,000,000 for the betterment of social and living conditions in the United States would be available at once. Henry W. De Forest said: "Surely there will be no delay in passing the bill to incorporate the Sage foundation. As soon as the bill is a law the final steps in the organization will be taken and work begun at once."

"We shall use, of course, only the income of the \$10,000,000. The form of incorporation and handling of the fund will be similar to the Carnegie foundation."

"Work will be begun in New York first. There will be no individual work or any personal cases of distress relieved."

Our Special Suit

is a \$15.00 garment

We purchased a number of ladies suits to sell at \$15.00 and they made their appearance via express this morning.

This price makes a suit very reasonable and the ones we show are indeed most excellent values. If you are contemplating purchasing a suit for about this price we would suggest an early visit to our suit section.

H. F. Michael Co.

Our Spring Coats

are much admired

We have never shown a line of garments that has awakened the admiration that our new spring coats have. Surely no line ever possessed more snap. They appeal to the eye, fit the form, will give good service and will not flatten the purse.

Why not be one to secure first choice and not be among those who wait for second

H. F. Michael Co.

SENSATIONAL DECLINE

PRICES ON THE NEW YORK STOCK MARKET TAKE A SOMEWHAT UNEXPECTED DROP.

FALL IS RATHER PUZZLING

POSSIBLY CAUSED BY HIGHER MONEY RATES AND TONE OF FOREIGN EXCHANGES.

New York, March 14.—The most sensational decline in prices for several years occurred on the stock market Wednesday. Except that money rates were higher and that the tone on the foreign exchanges was unfavorable, there was no news to account for the break in prices. The market opened weak under the influence of lower prices for Americans abroad and the drop in consols to the lowest price since 1886. At first the downward movement was gradual and the selling did not appear to be of an urgent character, but as soon as the rate for call money got above 6 per cent heavy blocks of stock were offered for sale, apparently without regard to price, and the downward trend of quotations became precipitate. Breaks of from one-half to a point between sales were frequent and the buying power was so limited that it seemed to be difficult in some of the weaker features to execute selling orders. It was noticed that weakness centered in Reading, the Harriman railroads and the Hill stocks, and the weakness of the latter was closely associated in the minds of the professional traders with the departure for Europe Wednesday of J. Pierpont Morgan. The drop in Reading was as rapid and as sensational as was the sharp upward movement in the same stock a week ago, but there was no more news to account for Wednesday's movement than there was for the former one.

Rally Followed by a Break. After the decline had finally reached its full momentum about midday there was a rally, followed by another break, which in turn was succeeded by a renewal of the rally, but the better tone did not hold and just before the close there was a final slump with the list generally weak and prices at or near the lowest of the day.

Apart from the higher money and the bearish feeling abroad, there was nothing in the day's developments of sufficient importance to cause any such wholesale throwing over of stocks as took place. The general

sentiment in Wall street, however, was pessimistic, even the old superstition as to the thirteenth of the month playing some part in the talk of the street. Every unfavorable rumor was given credence for a time at least. Reports of financial difficulties abroad were accepted as true and even magnified, the requirements of the money market within the next few days, although they have been known for some time, were given great importance and a good idea of the tone of sentiment may be obtained from the fact that when news was received that the secretary of the treasury did not intend to call for an immediate return of \$30,000,000 of government funds now in the hands of the banks, it met with disbelief, traders fearing that it might be a false report given out in the hope of steadying the market. Official confirmation was quickly received, but up to the close it was without effect upon the stock exchange trading.

WHITE HOUSE CONFERENCE.

Result of Panicky Condition of New York Stock Market.

Washington, March 14.—In view of the panicky condition of the New York stock market great importance is attached to a hurried conference at the White House, which was followed by an announcement by Secretary of the Treasury Cortelyou that the \$30,000,000 which was deposited in national banks the last of September, to be returned about the beginning of February, would not be called for at present.

Beyond saying that he was keeping a close watch on the situation in New York, Secretary Cortelyou would not indicate what his further plans were.

The presence at the White House of six members of the cabinet, who called within a few minutes of each other, gave rise to a report that a special meeting of the president's advisers had been called, but none of those present would admit that the simultaneous calls were anything more than coincidence.

It is known, however, that some of the cabinet officers were sent for by the president, and in view of the statement issued later by Secretary Cortelyou it is believed that the conference, at least with some of the cabinet members, had to do with the financial situation.

Kills His Wife and Himself.

Port Arthur, Tex., March 14.—Unsuccessful in his efforts to effect a reconciliation with his wife, from whom he was separated, E. M. McNair shot and killed Mrs. McNair, wounded Mrs. E. J. Conrad, her mother-in-law, and fired five shots into his own breast.

American Boy a Prisoner.

St. Louis, March 14.—Mrs. W. R. Hendrix has sent an appeal to President Roosevelt to save her son by a former marriage, Frank P. Reilly, twenty years old, who, she has learned, is held a prisoner of war by Honduras, he having served in the Nicaraguan army.

PLEASE REMEMBER THIS!

I promise to do my best to satisfy my friends and customers when they buy or repair their bicycle at my stand.

Yours,

E. J. ROHNE,
719 Laurel St.

C. J. Kordes, of Aitkin, district boiler inspector, was in this city today enroute to Little Falls.

Spring is coming. Five black crows are reported to have put in their appearance here today.

D. M. Clark & Co. largest installment house in the city. Goods sold on easy terms. 235tf

The funeral of Mrs. Canan, which took place at St. Francis church this morning, was well attended.

John A. Fraser, a well known conductor on the St. Paul division, was in the city today visiting his father.

Mrs. F. H. Wilson went to St. Cloud today to visit at the home of her parents, Mr. and Mrs. W. N. Bethel.

For Sale, a graphophone with 70 good records, can be seen at Skaug's drug store. A bargain. 138tf

Misses Mildred and Grace and Master Percy Pratt, of Mariette, Minn., arrived today to visit relatives and friends here.

Mrs. H. Kimball, of Woodstock, N. B., arrived today to visit at the home of her son, Fred H. Kimball, 218 Third street south.

Miss Helen Smith returned to Minneapolis today after a visit at the home of her parents, Mr. and Mrs. G. J. Smith, of East Brainerd.

Not in Minnesota and North Dakota alone, but everywhere, the pure food laws approve Hunt's Perfect Baking Powder, because it is pure, efficient and of high quality.

The growing demand for Hunt's Perfect Baking Powder is the indorsement the public gives to the high quality of this home-made product.

A number of friends and relatives of the late Mr. Dye, of Flak, left this morning to attend the funeral services held this afternoon at that place.

The one reliable medicine to clear the lungs, to heal the soreness in the chest, to cure La Grippe is Skaug's Never Cough, when all others fail. Try it. No cure no pay, at Skaug's the Laurel St. druggist. 138tf

For Rent—The J. S. Gardner farm, Oak Lawn. 320 acres—120 under cultivation, balance good pasture and meadow. Enquire of George H. Gardner, Wise block, Brainerd. dlwl

Supt. W. H. Strachan, of the M. & I., came in from Big Falls last night and reports that the bridge over the Big Forks river will be completed about the 25th of March, and laying steel on the extension will then be pushed to the Little Forks river as rapidly as possible.

Geo. J. Bouck left for Duluth this afternoon to assume a position as a machanicist with the Northern Pacific railroad. He had been at work in the shops here.

W. J. Caesar, representing the Celuloid Starch company, of New York, is at the Ransford. Mr. Caesar is a cousin of John A. Hoffbauer and the two met for the first time in 10 years.

Prof. J. A. Wilson and daughter Julia, went to St. Cloud today, he to attend the teachers' association and she to visit friends. He will be in his office at the court house Saturday afternoon.

Prof. William Edgar Geil, who delivered his lecture on Pigmy Land at the First Congregational church last night to a crowded house, left today for Fergus Falls, where he will speak tonight and tomorrow night.

Mrs. James Peterson, living near Gull Lake, left today for Ohio, where she will be joined by a sister and the two will sail March 21, from New York, for Denmark to visit their old home. They expect to return in June.

C. Monette, of Aberdeen, S. D., arrived with his household goods yesterday and started with them this morning for Lake George, where he will make his future home. Frank Hanley and Will Sinclair took them up for him.

Sadie D. Anderson, the 18 months old child of Mr. and Mrs. Carl A. Anderson, 1703 East Oak street, died this morning from brain fever following an attack of measles. The funeral will be held from the house Saturday, with burial at Evergreen cemetery.

J. M. Burke, the popular engineer on the Minnesota & International is at the Northern Pacific Sanitarium where he is having an operation performed on his eyes. "Sunny Jim," as he is called by all the railroad men, expects to leave the hospital Saturday.

Rev. P. G. Nelson, of the Swedish Baptist church, went to Fergus Falls today to commence a series of evangelistic meetings there. He will also hold meetings at Upsala before returning.

Rev. Hans Blomgren, of Aitkin will occupy Mr. Nelson's pulpit Sunday next. \$20 per week, expenses and extra commission paid energetic men to travel for wholesale house. Steady employment and rapid advancement guaranteed right parties. Address with stamped envelope stating when you can begin work. F. W. Potts, 254 Hennepin Ave., Minneapolis, Minn. 1642

It is expected that the gymnasium of the Y. M. C. A. will be opened some evening next week with an athletic exhibition. It was expected to hold it tomorrow night but the gentlemen who were to participate had got soft during the time the "gym" was out of commission and could not get in shape by that time.

Frank E. Smith, a popular brakeman on the St. Paul and Morris passenger runs arrived in the city last night with his bride, having been married in Minneapolis Tuesday, March 12, to Miss Hazel Bertha Wheelock, of that city. The young couple will make Brainerd their future home. Congratulations, Frank.

Worked Like a Charm

Dr. D. N. Walker, editor of that spicy journal, the Enterprise, Louisa, Va., says: "I ran a nail in my foot last week and at once applied Bucklen's Arnica Salve. No inflammation followed; the salve simply healed the wound." Heals every sore, burn and skin disease. Guaranteed at H. P. Dunn & Co.'s, druggist, Brainerd, Minn. 25c.

Carr's Hall Items

Lord Brockway landed the first logs at the new mill site.

Sylvester Heath and family will move to North Dakota about the 22nd of this month. We all wish them prosperity in their new home.

A very pleasant dance was enjoyed at Carr's hall last Saturday night. The intention was to hold the dance at the old Lovequist place, but different arrangements were made and those who congregated at the latter place were disappointed.

Wm. Ramsdell and family visited at the Joe Edwards place on Sunday.

We hear they have the measles in the south part of the town and hope that they will not spread to this section.

We understand R. E. Dickinson intends going back to Winnipeg this week.

Nobody.

Ransford Hotel Again Under Perfect Roof

—White Bros. Have Done the Work

Very Quickly

The east wing of the Ransford is now ready for any kind of weather that comes along. The portion of the roof damaged by the recent fire has been entirely replaced and is weather proof. The job will come close to breaking the record. Two and one-half days actual work, is quick time for repairing a roof of that size and damaged to that extent and C. B. White has more than sustained his reputation as a hustler. The work of repairing the interior will of course be left until after the insurance has been adjusted. Supt. Baker had a crew of men at work today replacing the temporary wires which had been strung to furnish the business firms housed in the building with light. All the old tenants are in their former locations except P. M. Zakariassen, who has moved to the Walverman block, and all are doing business except J. F. Murphy & Co., who is waiting for the insurance adjuster.

Harsh physics react, weaken the bowels, cause chronic constipation. Doan's Regulets operate easily, tone the stomach, cure constipation. 25c. Ask your druggist for them.

DEERWOOD NOTES

T. F. Cole, of Brainerd, was in town on business Sunday.

Otto Wasserzieher was in Brainerd on business Monday.

Geo. Ridley and wife, of Aitkin, were at The Blackwood Sunday.

Mrs. Christ Olson went to Brainerd Sunday and returned Monday.

Wm. Quinn, of Duluth, was here on business Tuesday of last week.

Mrs. Griffin went to Brainerd Sunday and returned on the next train.

Christ Olson and son Albert, left Sunday for Skibo, Minn., to visit relatives.

Miss Lena Olson returned to Duluth Friday after a few weeks' visit with her parents.

T. J. Thompson and family left for Fergus Falls Sunday where they will visit relatives.

Miss Albertine Engman returned to Duluth Monday after a week's visit with her parents.

Rev. O. Dahle will preach in the Scandinavian Lutheran church Easter morning at 10:30.

Herman Peterson returned Monday from Duluth where he has been for a week visiting friends.

Rev. M. Anderson will preach in the Scandinavian Lutheran church Sunday, March 24, at 10:30 a. m.

Rev. Sandeen, of Aitkin, will preach in the Scandinavian Lutheran church next Sunday, March 17, at 1 p. m.

The old saw mill, formerly the property of C. J. Rathvon, is being rapidly moved north to the Mississippi river.

Alvin Marsh, of Elgin, Minn., returned to his home Saturday after a few weeks' visit with his brother, Jasper Hilyar.

Lloyd Downing, of the Longyear Exploration company came down from the northeast part of the state Sunday to visit friends.

Julius Brandt left for St. Paul Sunday of last week, where he will take instructions in operating automobiles. It is likely E. T. Buxton will have a gasoline car here next Summer.

A healthy man is a king in his own right; an unhealthy man is an unhappy slave. Burdock Blood Bitters builds up sound health—keeps you well.

EMILY.

Mrs. J. P. Atwater is ill.

T. J. Stirwalt has purchased a new graphophone.

A. Frank Anderson spent a few days of last week at Duluth.

Floy Atwater has rented his cottage to A. Bailey for the summer.

Don't forget the dance in the M. W. A. hall Saturday night the 16.

Rev. Stettbacher, of Pequot, preached both morning and evening Sunday.

Geo. Stirwalt and W. Moore have been rushing the wood question hard the past week.

Mae Andrews, of Allen, spent a few days of last week with her sister, Mrs. O. D. Edick.

F. Howard resigned his position as sawyer at the mill, and returned to his home at Jenkins Thursday. Mr. Houston, of Cross Lake, has taken his place.

Charley Atwater has finished his feed mill and is ready for all kinds of grinding. We will now hear his whistle at the regular hours. Charley is a hustler and anyone having business in his line will do well to patronize him.

From the the present indications Emily will boom some the coming summer. J. M. Lambert, the enterprising merchant and land agent, will build a large warehouse in connection with his store, also several residences for rent or sale. He is stocking up his lumber yard and making arrangements for a large supply of building material.

WILLIE.

ATHLETES BREAK RECORDS.

Lightbody Makes Fast Time in Mile Race at Chicago.

Chicago, March 14.—James D. Lightbody, Olympic champion and former University of Chicago runner, broke all Central Division Amateur Athletic union records in the mile run here. He covered the distance in 4:24. This time is four seconds faster than the previous indoor mark and a full second faster than Lightbody's own outdoor record.

The performance was the feature of the annual indoor championships of the Central A. A. U., which were held in the Seventh Regiment armory. Athletes from the University of Chicago, University of Illinois, the Chicago Athletic association, the Milwaukee Athletic club and other organizations took part.

In addition to Lightbody's performance, the indoor record for the quarter mile run in this section was beaten by Merriam of the University of Chicago, who made the distance in 0:57 1/2. Another record to go was the pole vault mark. Gear of the University of Illinois clearing 11 feet 7 inches in that event.

Discretion.

He (to servant)—I understand that you have dared to drive my automobile during my absence. Servant—Don't be vexed, sir. I was very careful. I ran over two persons, but they were very old.—Jugend.

There are stars so distant that a flying machine moving at the rate of 500 miles an hour would require 500,000,000 years to reach them.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & Co., Toledo, O. Sold by all druggists, 75c. Take Hall's Family Pills for constipation.

A WORD OF PRAISE

Mayor R. R. Wise Expresses his Appreciation of Work Done by the Brainerd Fire Department

The following communication from R. R. Wise, owner of the Ransford hotel building has been handed us for publication:

Brainerd, March 13, 1907.

EDITOR DISPATCH—A word for our brave firemen. After watching the exceptionally good work of our firemen I cannot help but express my thanks and sympathy.

Little does the average citizen see or hear of those modest men who protect our homes and lives from the fire fiend and are as indispensable to us as the guardians of peace or the doctor who brings us back to health from the verge of the grave. Always on the spot to discharge a duty, when the sun rises the cerulean sky at mid day or at the solemn hour when church yards yawn, they are ready. When rain, snow, sleet or tempest sweeps the streets and wildly the wind shrieks around the gables beneath which citizens are wrapped in tranquil slumber, the firemen are called from their repose hurriedly and in the twinkling of an eye are seen dashing through our streets and alleys to save life and property from the terrible destroyer. Little does one think of it yet this is the daily life of our firemen and a true appreciation of their efforts is given to them only when one stops to listen to the startling dong of the alarm bell, or to look on the columns of smoke as they sweep towards the heavens from the burning building. At times the firemen to the casual observer, is simply an idle fellow, we forgetting that our lives and property are practically in his keeping day and night, the rougher the weather the more energy, zeal, strength and endeavor, and that on his coolness and courage much depends.

He may have many hours apparently at ease, while time away, but is always watching for a call that requires him to take his life in his hand and, confronted with danger, fight the battle bravely and fearlessly through smoke, darkness or fire.

To him all good citizens owe much and should fill their measure of thanks to overflowing.

R. R. Wise.

WEAK STOMACH CAUSES SICKNESS

Different Symptoms That Result From Indigestion. How to Cure by Strengthening the Stomach

If you have ever suffered with a weak stomach you must realize that the digestive system is to the body what the foundation is to the house—the base of support and strength.

Whatever hurts your stomach or lessens its power, hurts all other parts of the body and impairs their powers. If the stomach is weak and distressed, one organ after another will be involved until the heart, kidneys and liver are all distressed.

Get the stomach right and health will naturally come to the other organs. This explains why a good many people who have doctored for years for diseases of the heart, kidneys or liver, have at last been cured by Mi-o-na stomach tablets. They found to their astonishment and happiness that, when the weak stomach was strengthened, their health returned, the heart became regular, the torpid liver active and the kidneys healthy.

Do not think we claim Mi-o-na is a "cure-all." It is not. It is a specific for all distresses of the stomach, and when it strengthens the stomach and cures indigestion, you will soon be well all over without further medicine.

Mi-o-na is sold only in 50c boxes, never in bulk. It is sold under an absolute guarantee by H. P. Dunn & Co. to refund money unless it cures.

Notice

CANDY STORE IS BURNED

Building in Southeast Brainerd Owned by Henry Moilanen Burned Last Night

THE CAUSE IS UNKNOWN

Was Occupied by Julius Twist With a Stock of Confectionery, Fruit, Etc

The small frame building at 1218 East Oak street formerly occupied by John Sternberg, but of late by Julius Twist with a stock of confectionery and fruit, was destroyed by fire last night. The flames were discovered shortly after midnight and when the department arrived the building was in flames from end to end. There was nothing saved of either contents or building. There were other buildings close at hand but they escaped damage. The building is estimated at \$700 in value and was owned by Henry Moilanen and the stock at \$100, and was owned by Julius Twist.

How to Remain Young

To continue young in health and strength, do as Mrs. N. F. Rowan, McDonough, Ga., did. She says: "Three bottles of Electric Bitters cured me of chronic liver and stomach trouble, complicated with such an unhealthy condition of the blood that my skin turned red as flannel. I am now practically 20 years younger than before I took Electric Bitters. I can now do all my work with ease and assist in my husband's store." Guaranteed at H. P. Dunn & Co. drug store, Brainerd, Minn. Price 50c.

The Next District Encampment

THE DISPATCH is in receipt of a communication from the press committee of the Park Rapids District Encampment, G. A. R., which is to be held at Long Prairie, on July 2d, 3d and 4th, stating that sufficient funds had already been subscribed to make the occasion a success, and expect to be a record breaker. The Commercial Club of that city, the local G. A. R. Post and the citizens committee are working harmoniously together and as the date of the encampment takes in the 4th the people there expect to provide a red hot, patriotic old fashioned celebration, and as speakers of note will be in attendance it is suggested that everybody in this section give the up idea of going elsewhere to celebrate and attend the encampment. Camp fires and varied attractions will be provided for each day and evening.

Stimulate the Blood.

Brandreth's Pills are the great blood purifier. They are a laxative and blood tonic, they act equally on the bowels, the kidneys and the skin, thus cleansing the system by the natural outlet of the body. They stimulate the blood so as to enable nature to throw off all morbid humors and cure all troubles arising from an impure state of the blood. One or two taken every night will prove an invaluable remedy.

Each pill contains one grain of solid extract of sarsaparilla, which, with other valuable vegetable products, make it a blood purifier of excellent character.

Brandreth's Pills have been in use for over a century and are sold in every drug store and medicine store, either plain or sugar-coated.

Old papers for sale at this office.

AMUSEMENTS

"Yon Yonson"

Lois Arnold, who played the part of "Little Willie" in Hoyt's "Trip to Chinatown" during the long run of that popular farce comedy at the Madison Square Theatre, New York, has been especially engaged by Managers Kennedy and Willard for this season's tour of "Yon Yonson," which comes to the Brainerd opera house for one night on Thursday, March, 21st. She will be seen in the Swedish comedy, not as an insipid society youth, the role in which she marked her greatest success; but this time as Jennie, the book agent, introducing a number of new songs and dances.

Found at Last

J. A. Harmon, of Lizemore, West Va., says: "At last I have found the perfect pill that never disappoints me; and for the benefit of others afflicted with torpid liver and chronic constipation, will say, take Dr. King's New Life Pills." Guaranteed satisfactory. 25c at H. P. Dunn & Co.'s, druggist, Brainerd, Minn.

Notice to the Public

I can be found in Room 3, of the Walverman block where I will be pleased to receive all my old customers and any new ones desiring first class work in merchant tailoring.

EXTEND PRIMARY LAW

HOUSE SUBCOMMITTEE AGREES TO REPORT THE SAUGSTAD BILL FOR PASSAGE.

JAMES J. HILL SAYS FREIGHT RATES IN THE NORTHWEST WILL BE ADVANCED.

St. Paul, March 14.—The subcommittee of the house committee on elections, which was given all the primary election bills, met at the Merchants' hotel and decided to report for passage the bill introduced by John Saugstad of Cinnabar, which extends the primaries to state officers, fixes the date of the primaries for the second Tuesday in June and also provides for the adoption of party platforms by the nominees.

The bill applies to all candidates at present voted on at the primaries, all candidates for state offices, and it also provides for the nomination of candidates for the United States senate by the primary system. The nominee for the senate will be the party candidate, and while there is nothing to compel the legislature to elect him, it is thought that the members of the prevailing party would not be likely to vote against the will of the party.

The nominees for the United States senate, for the state officers, for congress and for the legislature are to meet after the primaries and adopt the state platform and elect the state central committee.

The house played havoc with the plans of the tax committee and did not show itself disposed to let the entire plan of the tax committee for abolishing the direct tax levy go through. One of the thirteen bills reported by the committee was indefinitely postponed and a couple of others escaped the same fate only by being laid over. Four of the bills were recommended to pass and the rest were laid over without being touched.

Gross Earnings Tax Bill.
A general gross earnings tax bill applicable to public service corporations was introduced in the house by R. J. Wells of Breckenridge. The bill states that it shall apply to electric railway, gas, water, light, heat, power, conduit and subway companies, and for these it provides a gross earnings tax of 3 1/2 per cent when the earnings are less than \$500,000. When above that and up to \$1,000,000 the tax is 2 1/2 per cent on the first \$500,000 and 4 per cent on the remainder. When the aggregate is between \$1,000,000 and \$1,500,000 the tax is 3 1/2 per cent on the first \$1,000,000 and 4 1/2 per cent on the remainder. On earnings of more than \$1,500,000 the tax is 4 per cent on the first \$1,500,000 and 5 1/2 per cent on the amount above that.

These taxes are to be apportioned among the state, county, city and school funds in the same proportion as real estate taxes in the city where the company is located, and is to be in lieu of all taxes, except taxes for improvements and for license or incorporation fees.

A rough draft of the reapportionment bill has been completed by Frank M. Eddy, clerk of the committee, which will give the state twelve additional representatives. The bill will give each county a representa-

five, except Clearwater, Mokenoma and Koochiching counties.

The speaker of the house has announced the appointment of Ole Embrickson as general clerk, vice Lynn Haines, removed for cause. Haines was the clerk who was called to account for writing several letters reflecting on members of the house. These letters were sent to newspapers.

Says Rates Will Be Increased.
"I want to go on record here that your rates will be advanced in the Northwest in place of being reduced. They will be advanced, simply because it is necessary to provide the service. This course will begin in the East. Now, I am not complaining about rates, but present conditions would bankrupt some of the roads in this state."

This declaration was made by President James J. Hill of the Great Northern before the Sundberg senate committee which is investigating the value of railroad property in the state. Mr. Hill said that the company had adopted the method of reducing rates as the revenue has justified, and an investigation of the records would show that its rates, especially on grain and farm products, are lower than in other sections of the country.

Thomas E. Cole, president of the Oliver Iron Mining company, testified before the special iron ore tax committee of the legislature at considerable length and took occasion to speak strongly against a tonnage tax, as well as optimistically of the prospects of Minnesota for greater deposits of ore than have yet been disclosed. He said among other things that he thought Minnesota had no reason to fear on the score of the expected establishment within her borders of a steel plant, although he was not, he said, authorized to say for the United States Steel corporation that any such plant would be installed.

He spoke in defense of the steel corporation as an advocate of high prices for steel, as well as for the labor that it employs and the supplies that it buys.

he senate in committee of the whole recommended twenty-seven bills for passage.

INTERCOLLEGIATE ATHLETICS.
Authorized by the Harvard Board of Overseers.

Poston, March 14.—The long pending question of whether Harvard students would be permitted to engage further in intercollegiate sports was disposed of when the board of overseers of the college, accepting the recommendations of a majority of a special committee, voted to authorize intercollegiate athletics, though in a restricted form. This means that football and other games will be continued at Harvard, as the corporation of the university has already accepted the report of the subcommittee.

The committee thought and the board of overseers agreed that the number of athletic contests should be reduced, expenses on intercollegiate games cut down, and professional coaching done away with as soon as possible.

The committee recommended that the athletic committee use every effort to secure concerted action with other colleges to abolish professional coaching.

Engineer and Fireman Killed.
Waterloo, Ia., March 14.—Engineer Kellogg and his fireman were killed in a wreck on the Chicago Great Western railroad. A car on a westbound train jumped the track while passing an eastbound train.

ONE HUNDRED AND THIRTY.
Probable Death List of Explosion on French Battleship.

Toulon, March 14.—The efforts to recover the bodies of those killed by the explosion on the French battleship Iena here Tuesday have not yet resulted in definitely fixing the number of casualties. After the last roll call Wednesday night there were still unaccounted for 8 officers and 110 men. There is little doubt that all these perished. The roll call was applied only to the crew of the Iena, but as it is believed that some twelve or fifteen arsenal hands were at work on the battleship, it is feared that the total number of dead will reach 120. The naval hospital here has been instructed to prepare mortuary space for that number.

Minister of Marine Thomson made a second visit to the Iena after the drydock had been drained and made a careful examination of every part of the battleship that was accessible. The interior steel planking and the partitions in many places are bulged out or indented. The gap in the side of the vessel acted as a safety valve for the vast volume of gas generated by the burning powder, without which the explosion would have had even more disastrous results.

Fifty bodies were recovered Wednesday, but only twelve could be recognized. The others were formless masses of charred flesh.

At 7 o'clock Wednesday evening hope was revived by a rumor that several men had been brought out alive, but this proved untrue.

After the roll call Minister Thomson reviewed the survivors, after which the men who engaged in searching the vessel returned to their task.

Two of the wounded have died in the hospital and there are five others who are not expected to live.

Demarest Defeats Conklin.
New York, March 14.—Calvin Demarest of Chicago won his fourth game in the national amateur 14.2 billiard championship tournament at the Liederkranz club. He defeated Charles F. Conklin, his clubmate from the Chicago Athletic association, by the score of 300 to 187. Thursday night Demarest will play the final game of the series with Edward Gardner, the present holder of the title.

Daniels Breaks Records.
New York, March 14.—C. M. Daniels broke a world's record in a special race at the Yale-Columbia aquatic meet at the New York Athletic club. Daniels won the 150-yard race in 1:34 1/2, beating the previous world's record of 1:36, held by himself. He broke the American record, 1:14, for 130 yards, doing the distance in 1:12 1/2.

British Steamer Aground.
New York, March 14.—While feeling her way through the fog, the British steamer Gowanburn, Captain Forbes, ran her nose in the sand off the south shore of Long Island and is fast aground. The steamer is resting easily and is not believed to be in any immediate danger.

TELEGRAPHIC BREVITIES.
The improvement in Archie Roosevelt's condition continues.

The Inspiration mine at Globe, Ariz., has been sold to the Lewisohn interests for approximately \$3,000,000, constituting the largest deal ever made in the Globe district.

James Hahnel, known to the world as Brother Martin, the oldest member of the Xaverian brotherhood in the United States, is dead at Louisville, Ky. He was born in Cologne, Germany, in 1824.

While playing on a low shed with several companions at Minneapolis, Arthur Swanson, thirteen years of age, fell to the ground, a distance of about eight feet, and was instantly killed. The boy struck on his head and his neck was broken.

Do You Want to Know What You Swallow?
There is a growing sentiment in this country in favor of MEDICINES OF KNOWN COMPOSITION. It is but natural that one should have some interest in the composition of that which he or she is expected to swallow, whether it be food, drink or medicine.

Recognizing this growing disposition on the part of the public, and satisfied that the fullest publicity can only add to the well-earned reputation of his medicines, Dr. R. V. Pierce, of Buffalo, N. Y., has "taken time by the forelock," as it were, and is publishing broadcast a list of all the ingredients entering into his leading medicines, the "Golden Medical Discovery," the popular liver invigorator, stomach tonic, blood purifier and heart regulator; also of his "Favorite Prescription" for weak, over-worked, broken-down, nervous and invalid women.

This bold and out-spoken movement on the part of Dr. Pierce, has, by showing exactly what his well-known medicines are composed of, completely disarmed all harping critics who have heretofore unjustly attacked them. A little pamphlet has been compiled, from the standard medical authorities of all the several schools of practice, showing the strongest endorsements by leading medical writers of the several ingredients which enter into Dr. Pierce's medicines. A copy of this little book is mailed free to any one desiring to learn more concerning the valuable, native, medicinal plants which enter into the composition of Dr. Pierce's medicines. Address Dr. Pierce as above.

Dr. Pierce's Pleasant Pellets are tiny, sugar-coated, anti-bilious granules. They regulate and invigorate Stomach, Liver and Bowels. Do not beget the "pill habit," but cure constipation. One or two each day for a laxative and regulator, three or four for an active cathartic. Once tried always in favor.

\$50,000 GIVEN AWAY. In copies of The People's Common Sense Medical Advisor, a book that sold to the extent of 500,000 copies a few years ago, at \$1.50 per copy. Last year we gave away \$30,000 worth of these invaluable books. This year we shall give away \$50,000 worth of them. Will you share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only for book in still paper covers, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

WITCHES AND PLANTS.
Many Legends and Traditions That Link Them Together.

In all countries in which the witchcraft delusion now exists or in which it prevailed in former times we find folklore stories connecting those mysterious beings with the plants of those particular regions. Even the great Shakespeare causes his witches to discourse learnedly on the diabolical properties of "hemlock digg'd I dark" and of "slips of yew silvered in the moon's eclipse." They are supposed to have had their favorite flowers as well as plants, and in England at the present time foxglove is spoken of as "witch bells" and harebells as "witches' thimbles." The common ragwort is well known as the "witches' horse," the tradition being that they mounted rank growths of that species of weed and "rode the skies," just as the dame with the pointed hat rides the broom in the familiar picture. In Germany and throughout northern Europe it is the belief that witches float from place to place on beds of hay, composed largely of witches' blossoms and "devil spikes," this last being a species of dwarfed slough grass. St. John's wort, which is now so popular for shoulder and buttonhole bouquets on St. John's eve, was formerly worn for the express purpose of averting the crafts and subtleties of the witches, bogies, ghosts and spirits which the European peasantry believed walked abroad on "that night of witching mysteries."—London Spectator.

Fire in Milwaukee Hospital.
Milwaukee, March 14.—The Milwaukee hospital, formerly known as the Passavant hospital, located at Twenty-first and State streets, was threatened with destruction from a fire that started in the operating room on the fourth floor of the west wing of the structure. Fortunately the blaze was subdued after damage to the extent of \$8,000 had been wrought by fire and water. No one was injured.

THE DAILY DISPATCH brought to your door for only 40 cents per month

Piles

In order to prove to you that Dr. A. W. Chase's Ointment is a certain and absolute cure for any form of itching, bleeding, or protruding piles, the manufacturers guarantee a cure. You can use it and if not cured get your money back. Mr. Casper Walton, laborer, Michigan City, Ind., says: "I work hard and lift a great deal. The strain brought on an attack of piles. They itched and they protruded and bled. Nothing helped them until I used Dr. A. W. Chase's Ointment. That cured them." 50c. a box at all dealers, or Dr. A. W. CHASE MEDICINE CO., Buffalo, N. Y.
